Dimensions and application notes

Example size: 1000 × 1000 mm. The source is oriented for exterior application. For interior application, confirm reading direction, mirrored print, white backing and glass compatibility with the producer.

Before production

Confirm dimensions, support, substrate, fixings, materials and colour proofs with the producer. Retailer POP and safety requirements take priority. CutContour denotes cutting and Crease denotes folding; these technical lines are not ordinary printed artwork.

This A4 document is for on-screen reference and information sharing. The TrimBox and bleed values above describe the inspected source file; this PDF is not a cutting die, a 1:1 production file or a print master. Dimensions are not production approval.
