

Ceiling dangler

A double-sided point-of-purchase graphic suspended from the ceiling or an overhead support.

SOURCE TRIMBOX · EXAMPLE

200 × 200 mm

SOURCE BLEED

3 mm

CUT / FOLD SPOT COLOURS

CutContour

SOURCE SAFE AREA

5 mm

Material options

Two laminated layers of 350 g/m² Bristol board, or 1 mm double-sided PVC/foam PVC, with optional matt lamination.

Dimensions and application notes

The example is 200 × 200 mm with a Ø6 mm hanging hole in the source. Fixings, load limits and store ceiling requirements must be confirmed with the producer.

Before production

Confirm dimensions, support, substrate, fixings, materials and colour proofs with the producer. Retailer POP and safety requirements take priority. CutContour denotes cutting and Crease denotes folding; these technical lines are not ordinary printed artwork.

This A4 document is for on-screen reference and information sharing. The TrimBox and bleed values above describe the inspected source file; this PDF is not a cutting die, a 1:1 production file or a print master. Dimensions are not production approval.
