Dimensions and application notes

Each tag is 70 × 50 mm, imposed eight-up on A4. The page TrimBox and BleedBox are both 210 × 297 mm: page bleed is 0 mm, individual-tag bleed is 3 mm, and the gap is 6 mm. This document contains no prices.

Before production

Confirm dimensions, support, substrate, fixings, materials and colour proofs with the producer. Retailer POP and safety requirements take priority. CutContour denotes cutting and Crease denotes folding; these technical lines are not ordinary printed artwork.

This A4 document is for on-screen reference and information sharing. The TrimBox and bleed values above describe the inspected source file; this PDF is not a cutting die, a 1:1 production file or a print master. Dimensions are not production approval.
