Dimensions and application notes

Example size: 600 × 1600 mm. The source uses Ø10 mm eyelets 15 mm from each corner and reserves a 40 × 40 mm content-free area. This document makes no turnaround promise.

Before production

Confirm dimensions, support, substrate, fixings, materials and colour proofs with the producer. Retailer POP and safety requirements take priority. CutContour denotes cutting and Crease denotes folding; these technical lines are not ordinary printed artwork.

This A4 document is for on-screen reference and information sharing. The TrimBox and bleed values above describe the inspected source file; this PDF is not a cutting die, a 1:1 production file or a print master. Dimensions are not production approval.
