

Floor graphic

A floor-applied graphic used for wayfinding or product-location information.

SOURCE TRIMBOX · EXAMPLE

600 × 600 mm

SOURCE BLEED

5 mm

CUT / FOLD SPOT COLOURS

CutContour

SOURCE SAFE AREA

10 mm

Material options

Removable polymeric floor vinyl with suitable slip-resistant lamination. Source notes mention R10/R11 options; suitability and certification require confirmation.

Dimensions and application notes

The example is a Ø600 mm circle. Assess a clean, dry, level substrate, edge adhesion, cleaning methods and pedestrian safety together.

Before production

Confirm dimensions, support, substrate, fixings, materials and colour proofs with the producer. Retailer POP and safety requirements take priority. CutContour denotes cutting and Crease denotes folding; these technical lines are not ordinary printed artwork.

This A4 document is for on-screen reference and information sharing. The TrimBox and bleed values above describe the inspected source file; this PDF is not a cutting die, a 1:1 production file or a print master. Dimensions are not production approval.
